

ANNUAL REPORT 2024

KANDHAMAL ZILLA SABUJA VAIDYA SANGATHAN

A Journey Towards Sustainable Development...

Massage From Secretary.....

I am pleased to present the 2023-24 Annual Report of Kandhamal Zilla Sabuja Vaidya Sangathan (KZSVS). Since 2004, we have focused on sustainable development, water for agriculture, medicinal plant conservation, herbal medicine, and empowering traditional healers. Our initiatives also promote livelihoods, health, hygiene, education, and women's empowerment. We thank government bodies, ATMA Kandhamal, donors, and partners such as Goonj, JivDaya Foundation, DASRA, Vitamin Angels, Selco Foundation, and Smile Foundation for their invaluable support. Your continued collaboration inspires our mission toward social and sustainable development.

Warm regards,
Dinabandhu Maharana

Operational Area:

Kandhamal District, Orissa, India

About Organization:

Kandhamal Zilla Sabuja Vaidya Sangathan (KZSVS) is a secular, non-profit, non-governmental, and non-political organization working in Odisha, India since 2004. Initially focused on generating awareness about medicinal plants and herbal medicine, KZSVS aimed to rejuvenate the use of herbal and medicinal plants, providing affordable healthcare to tribal communities. Presently, KZSVS has identified 100 traditional healers in Daringbadi Block, working towards strengthening the Vaidyas Forum in the district.

Expanding its scope, KZSVS strives for socio-economic development of marginalized communities in Kandhamal. From a small village to now spanning over 600 villages, KZSVS is a progressive non-profit organization registered under the societies act. With a dedicated mission, KZSVS has been working relentlessly for the past decade, focusing on sustainable livelihoods for the socio-economically disadvantaged, women and child health, hygiene, menstrual issues, and nutritional support.

KZSVS has successfully implemented programs like School to School, Cloth for Work, Water and Sanitation management, Natural Resource Management, Biodiversity Conservation, and Disaster preparedness with support from government agencies, including Goonj New Delhi, JDF, DASRA, Vitamin Angels, and other non-governmental aid organizations. The organization actively participates in lobbying and advocacy to address the concerns of vulnerable groups, building networks and alliances at district and state levels. KZSVS has received multiple awards for its impactful work.

Legal Status:

- ✓ Registered under the Societies Registration Act XXI of 1860.
- ✓ Registered under the FCRA act of 2010.
- ✓ Registered under the Income Tax Act u/s 12A (a) and 80G of 1986.
- ✓ Registered under the CSR Act

Vision Statement:

Kandhamal Zilla Sabuja Vaidya Sangathan (KZSVS) envisions a society where men and women, regardless of their caste, class, race, or religion, living in communities, lead lives of dignity through a system of self-determination and self-reliance. This vision is rooted in principles of cooperation, participation, love, sharing, caring, and respect towards each other. We aspire to build a community-owned organization that empowers individuals and communities to achieve sustainable livelihoods while preserving our natural environment.

Mission Statement:

The mission of Kandhamal Zilla Sabuja Vaidya Sangathan (KZSVS) is to create an exploitation-free society where all people, irrespective of their caste, class, or race, live with equity, fostering unity in diversity. Our goal is to promote sustained peace, equal access to quality education,

good health, and food security. We will achieve this by:

1. Institutional Building: We are committed to building strong institutions that empower individuals and communities to take control of their destinies. Through capacity-building, education, and skill development, we aim to enhance self-determination and self-reliance.

2. Sustainable Natural Resource Management: KZSVS recognizes the vital role that natural resources play in livelihoods. We are dedicated to sustainable management and conservation of these resources to ensure their availability for generations to come.

3. Community Transformation: We believe that true progress can only be achieved through community transformation. By fostering cooperation, promoting social inclusion, and encouraging dialogue, we work towards creating harmonious and thriving communities.

4. Peacemaking: KZSVS is committed to conflict resolution and peacemaking efforts within our communities. We strive to address conflicts and differences through dialogue, understanding, and reconciliation to create a more peaceful and just society. Through these efforts, KZSVS aims to uplift the lives of the marginalized and disadvantaged, promoting a society where every individual has the opportunity to lead a life of dignity and prosperity.

Goal:

Kandhamal Zilla Sabuja Vaidya Sangathan (KZSVS) aims at social, cultural, vocational & educational development of the women and other weaker section of the ST, SC, OBC and minority communities. Focus and develop appropriate skills among the youth and women for income generation and ensure food security through sustainable management of natural resources.

Objectives:

The objectives of Kandhamal Zilla Sabuja Vaidya Sangathan (KZSVS) are aimed at achieving sustainable development and improving the lives of marginalized communities in the district. With a focus on socio-economic empowerment, health, hygiene, and environmental conservation, KZSVS has been actively working towards the following goals:

1. Sustainable Livelihood: KZSVS aims to strengthen the livelihoods of socio-economically marginalized families. By implementing various skill development and income-generation programs, the organization empowers communities to achieve economic self-sufficiency and break the cycle of poverty.

2. Health and Hygiene: KZSVS focuses on promoting health and hygiene practices among the underprivileged communities it serves. Through awareness campaigns, training sessions, and access to essential healthcare services, the organization addresses the health needs of women, children, and adolescent girls, including issues related to menstruation and nutritional supplementation.

3. Water and Sanitation Management: KZSVS actively participates in water and sanitation management initiatives. The organization works towards improving water accessibility, ensuring safe sanitation practices, and implementing effective natural resource management strategies. It has successfully undertaken projects to manage water resources, such as canal rejuvenation, in rural villages.

4. Biodiversity Conservation: KZSVS is committed to preserving the rich biodiversity of the region. Through conservation programs, the organization raises awareness about the importance of biodiversity, advocates for its protection, and actively participates in initiatives that promote sustainable environmental practices.

5. Water for Livelihood and Promoting Organic Farming in Tribal Areas: The project aims to provide access to clean water for sustainable livelihoods and promote organic farming practices in tribal areas. By addressing water scarcity issues and encouraging eco-friendly agricultural methods, the project aims to enhance the socio-economic well-being of tribal communities while ensuring long-term environmental sustainability.

6. Awards and Recognition: KZSVS has gained recognition as a multi-award-winning organization. The organization's impactful work and commitment to social development have been acknowledged and appreciated by various entities, further motivating and inspiring the team to continue their efforts.

Through its dedicated initiatives and partnerships with government bodies, aid agencies, and other non-governmental organizations, KZSVS strives to bring about positive and sustainable change in the lives of the underprivileged communities it serves.

Goonj: Transformative Initiatives for Community Development

Goonj Cloth For Work (CFW) Programme

Implementing Organization: Kandhamal Zilla Sabuja Vaidya Sangathan

Activity Area: 600 Villages (Daringbadi Block, Kotgada Block, K. Nuagaon Block)

Introduction:

The Goonj Cloth For Work (CFW) Programme, implemented by Kandhamal Zilla Sabuja Vaidya Sangathan, made remarkable strides in uplifting rural communities across 600 villages. The programme, focusing on road construction, access to education, healthcare, economic growth, and water infrastructure, strengthened community participation and ownership. This report summarizes the key activities and achievements of the 2023-24 period.

Road Repairing for Connecting Rural Villages: 360 km of roads constructed in 300 villages. One of the program's major achievements was road construction, aimed at improving connectivity between rural villages. Through community ownership. This enhanced access to essential services and created economic opportunities by linking these remote areas to larger market centers.

Road Making for Access to Education: 580 students benefitted, The programme also prioritized education by constructing roads that improved students' access to schools. As a result, 580 children now attend school regularly, contributing to a significant improvement in their academic performance and future prospects.

Economic Growth Through Better Access: 2000 farmers reach markets, By improving road connectivity, the program enabled over 2000 farmers to transport their agricultural produce to markets, helping them obtain better prices and increasing their incomes. This initiative has been a key driver of local economic growth and improved livelihoods for farming communities.

Improved Healthcare and Communication Access: Enhanced healthcare access The improved road network has also facilitated better healthcare delivery. Ambulances can now reach remote villages swiftly, providing emergency care to those in need. Additionally, villagers now have improved communication links, allowing them to connect with the outside world more easily and efficiently.

Village Water Infrastructure: 205 dug wells and water canals built, Access to water was another critical focus of the programme. The community, through ownership, developed sustainable water infrastructure, including 205 dug wells and water canals, across 120 villages. This allowed residents to access forest water for agriculture and daily use, while also providing water sources for forest animals. This initiative has been vital in supporting both livelihood and ecological balance.

Village Basic Infrastructure:

Beyond roads and water, the Goonj CFW Programme addressed the need for basic village infrastructure. Communities built schools, community centers, sanitation facilities, and other essential amenities, significantly improving the quality of life in these villages. These collective efforts have created a solid foundation for the sustainable development of rural communities.

Conclusion:

The Goonj CFW Programme for 2023-24 has made substantial progress in transforming the lives of people in 600 villages across Kandhamal. By fostering community ownership and building essential infrastructure, the program has improved access to education, healthcare, and economic opportunities while ensuring the sustainable use of natural resources. The achievements of this year will have a lasting impact, laying the groundwork for future development and growth.

Introduction:

The Goonj Cloth For Work (CFW) Programme, executed by Kandhamal Zilla Sabuja Vaidya Sangathan, has significantly uplifted communities in 600 villages across Daringbadi Block, Katogada Block, and K. Nuagaon Block. This report highlights key achievements, primarily focusing on road infrastructure, water management, and basic infrastructure development.

Road Development:

The program prioritized enhancing road infrastructure to connect rural villages, fostering economic growth, and improving access to education, healthcare, and communication services. The repaired roads facilitated transportation, resulting in economic opportunities and improved overall well-being.

Village Water Infrastructure:

The program empowered communities to manage and maintain their water sources, ensuring sustainable access to clean water. This initiative not only addressed a fundamental need but also promoted community ownership and responsibility.

Basic Infrastructure Enhancement:

Various initiatives, including the construction of schools, community centers, and sanitation facilities, elevated the quality of life in targeted villages. By addressing essential needs, the program laid a foundation for sustainable development.

Conclusion:

The Goonj CFW Programme, driven by Kandhamal Zilla Sabuja Vaidya Sangathan, has made significant strides in improving the targeted communities' lives. The collaborative efforts of the implementing organization and local communities have been instrumental in achieving sustainable development outcomes.

Goonj S2S Programme

Introduction:

The Goonj School-to-School (S2S) Programme, implemented by Kandhamal Zilla Sabuja Vaidya Sangathan, focuses on education enhancement across 100 villages in Daringbadi Block, Katogada Block, and K. Nuagaon Block. The program distributes school kits, supports Anganwadi Centers, and encourages active parental involvement.

Objectives:

1. Provide essential school supplies.

2. Enhance Anganwadi Centers with toy support.

3. Engage parents in their children's education actively.

Activities:

The distribution of school kits, toy support to Anganwadi Centers, and parental engagement initiatives have positively impacted education in targeted villages. Improved academic performance, increased attendance, and heightened motivation

among students are visible outcomes.

Challenges and Future Plans:

While the program has seen progress, sustainability remains a challenge. Future plans include establishing partnerships, expanding the program's reach, and maximizing its impact on education and child development.

Conclusion:

The Goonj S2S Programme has successfully promoted quality education and parental involvement in 100 villages. The program's impact on academic performance and motivation showcases its potential for further positive change in Kandhamal.

Goonj NJPC Programme

Introduction:

The Goonj Not Just a Piece of Cloth (NJPC) Programme, executed by Kandhamal Zilla Sabuja Vaidya Sangathan, operates in 56 villages across Daringbadi and Katogada Blocks. This report outlines activities focused on hygiene, sanitation, and menstrual health.

Three-Time Activities:

The program conducted activities emphasizing WASH infrastructure development, awareness on menstrual hygiene, and the distribution of Goonj MY PAD KITs.

Impact and Future Plans:

The NJPC Programme has positively impacted villages, enhancing awareness, and improving lives. Future plans include expanding to more villages, strengthening collaborations, and exploring sustainable menstrual hygiene solutions.

Conclusion:

The NJPC Programme has successfully promoted hygiene, sanitation, and menstrual health in 56 villages. The active involvement of community members has been crucial in achieving positive outcomes.

JIVDAYA FOUNDATION

This report provides an overview of the Pre-School Nutrition and Education & Rahat Support program, a collaborative effort between Kandhamal Zilla Sabuja Vaidya Sangathan and the Jivdaya Foundation (JDF). The program, aimed at addressing malnutrition and providing educational support to village children, operates in four centers located in Breakamala Village, Dabedi Village, Alimaha Village, and Tembuli Village, benefiting a total of 200 students. The centers operate from 7:00 AM to 9:00 AM and are community-managed.

Introduction:

Initiated in response to prevalent malnutrition in Kandhamal District, the program seeks to enhance the nutritional and educational outcomes of young children through targeted interventions. The collaborative effort underscores a commitment to community welfare and development.

Objectives:

The program focuses on reducing malnutrition, enhancing educational opportunities, improving overall health, and fostering community participation. By addressing these objectives, the initiative aims to create sustainable positive impacts.

Activities and Achievements:

The program addresses malnutrition through the daily provision of milk and biscuits to all attending students, promoting healthy growth. The educational component emphasizes early childhood learning, with qualified teachers engaging children in literacy, numeracy, and social skills development. Furthermore, the program provides dresses and shoes to reduce barriers to education.

Community Involvement and Management:

Local communities actively manage the centers, promoting a sense of ownership. Community members play a pivotal role in ensuring the centers' smooth functioning and serve as a vital link between the program and its stakeholders.

Impact and Beneficiary Testimonials:

The program has significantly improved the nutritional status and educational readiness of children. Beneficiary testimonials, such as Mrs. Patel's from Breakamala Village, highlight the positive transformation and empowerment experienced by the community.

Challenges and Future Plans:

While acknowledging achievements, the report recognizes challenges such as sustained funding and the need for expanded outreach. The program's future goals include exploring additional avenues for community development, extending support to more villages, and enhancing overall impact.

Conclusion:

The collaborative efforts of Kandhamal Zilla Sabuja Vaidya Sangathan and the Jivdaya Foundation have yielded commendable progress in improving the lives of 200 children through the Pre-School Nutrition and Education & Rahat Support program. The commitment of community members, organizers, and stakeholders ensures the program's sustainability and expansion for years to come.

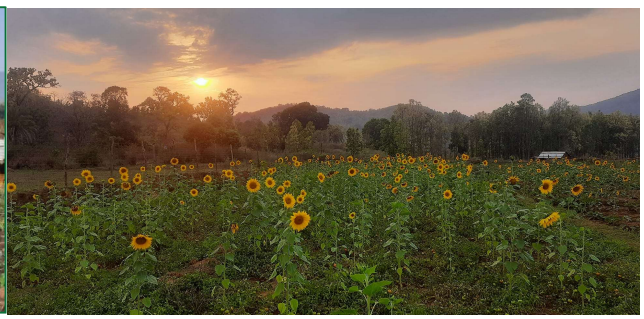

Dasra

commendable strides in addressing the challenges presented by the Covid-19 pandemic and promoting sustainable livelihoods in the Daringbadi Block of Kandhamal District. The program's multifaceted approach encompassed awareness campaigns, counseling, sanitation initiatives, and targeted support for vulnerable households.

The Corona Awareness and Sensitizing Meetings successfully disseminated vital information across 40 villages, fostering a heightened understanding of Covid-19 prevention measures. Home Visits and Counseling sessions reached 1,500 households, offering personalized support to navigate the pandemic's challenges.

The emphasis on Cleanliness and Covid-19 Preventive Measures extended to 7,000 families, providing essential resources such as masks and sanitizers. Additionally, the distribution of 200 Dry Ration and Nutrition Kits addressed the immediate needs of vulnerable households.

Recognizing the importance of agriculture, the program supported farmers with Agricultural Equipment, promoted Green Vegetable Cultivation, and encouraged Banana Plantation. Further, initiatives such as Kadaknath Poultry

In conclusion, Dasra UK's Livelihood and Covid Care Support program, implemented in collaboration with Kandhamal Zilla Sabuja Vaidya Sangathan, has not only responded effectively to the challenges of the pandemic but has also laid the foundation for sustainable and resilient livelihoods in the community. The diverse interventions have empowered individuals, enhanced economic independence, and contributed to the overall well-being of the residents in the project area.

Smile Foundation

Mission Education, a transformative initiative supported by the Smile Foundation, has been successfully executed by the Kandhamal Zilla Sabuja Vaidya Sangathan in the Daringbadi Block of Kandhamal District. The Remedial Education Programme, operating in Saringirpi Village, Marenji Village, and Padami Village, aims to provide educational support and opportunities for underprivileged children. This annual report encapsulates the achievements and activities of the programme over the past year.

1. Programme Overview:Total Students: 146

Education Centre Timings: Morning session (7:00 AM to 9:00 AM) and Evening session (4:30 PM to 6:00 PM) Centre Management: Local community members actively participate in managing the education centers, ensuring their smooth functioning.

2. Supporting Activities:

a) Teaching Learning Materials: Essential teaching aids and learning materials, including textbooks, stationery, notebooks, are provided to enhance the quality of education.

b) Health Check-up: Regular health check-ups address students' health needs, ensuring prompt identification and treatment of any medical issues.

c) Experiential Learning Support: The programme promotes experiential learning through storytelling, arts and crafts, sports, and talent competitions, fostering holistic development.

3. Achievements:

a) Academic Progress: Commendable results in improving students' academic performance through regular assessments and individual attention.

b) Increased Attendance: Flexible timings result in improved attendance rates, offering convenient morning and evening sessions.

c) Community Engagement: Active involvement of the local community fosters ownership and accountability, significantly contributing to the programme's success.

d) Skill Development: The programme facilitates skill development through a diverse range of activities, empowering children beyond academics.

4. Challenges and the Way Forward:

Despite challenges like limited resources and infrastructure, ongoing efforts, backed by Smile Foundation and local community dedication, are addressing these issues. Plans include securing additional resources, improving infrastructure, and expanding the programme to benefit more underprivileged children.

5. Appreciation:

Heartfelt appreciation is extended to the Smile Foundation for their unwavering support. Recognition is given to the Kandhamal Zilla Sabuja Vaidya Sangathan, the local community, teachers, and volunteers for their commitment and hard work. Their collective efforts have positively impacted numerous children, paving the way for a brighter future.

In Conclusion:

The Remedial Education Programme under Mission Education, implemented by the Kandhamal Zilla Sabuja Vaidya Sangathan, has made significant strides in providing educational support to underprivileged children. Emphasizing academic progress, holistic development, and community engagement, the programme's positive outcomes underscore the need for continued support and collective efforts to expand its reach and make a lasting impact on the lives of children in need.OMM:

Special Promotion of Millet in Tribal Area.

The Odisha Millet Mission Programme, a flagship initiative of the Department of Agriculture and Farmers Empowerment, Government of Odisha, has made noteworthy progress in the past year. The program, designed to promote and cultivate millets, particularly Ragi, collaborates with ATMA Kandhamal and receives technical assistance from WASSAN. This report provides a comprehensive overview of the program's achievements.

In the cultivation and promotion domain, the program, in collaboration with ATMA Kandhamal, engaged 1,500 farmers across 14 gram panchayats in the K. Nuagaon Block. Efforts were focused on sustainable agricultural practices, resulting in millet cultivation on over 1,000 hectares. Training initiatives equipped farmers with knowledge on millet cultivation, pest management, and soil conservation. The procurement and market linkages component successfully procured 4,000 quintals of Ragi, ensuring fair prices and timely payments for farmers. Market channels for millet products were established, expanding opportunities for farmers within and beyond Odisha.

Creating awareness about millets and their nutritional benefits was a priority. The program organized events like millet food festivals and conducted awareness campaigns, emphasizing millets' role in addressing malnutrition, particularly in tribal areas.

Competitions recognizing excellence in millet farming practices incentivized farmers and fostered healthy competition. The program concludes with a commitment to expanding its reach, increasing farmer participation, and promoting millets as a sustainable and nutritious crop. Through collaboration, innovative approaches, and stakeholder engagement, the Odisha Millet Mission Programme aims to fortify the millet ecosystem and contribute to the well-being of farmers and consumers.

Special Programme for Promotion of Integrated Farming (SPPIF)

Implementing Organization: Kandhamal Zilla Sabuja Vaidya Sangathan

Supported by: ATMA Kandhamal

Technical Support: WASSAN

Introduction:

The Special Programme for Promotion of Integrated Farming (SPPIF) in Tribal Areas, executed by Kandhamal Zilla Sabuja Vaidya Sangathan with support from ATMA Kandhamal and technical guidance from WASSAN, strives to enhance the livelihoods and income of farmers in Kandhamal's tribal regions. Embracing the principles of Reduce, Recycle, Reuse & Recovery, the program focuses on optimal natural resource utilization through site-specific and landscape-based farming systems, promoting diversification, intensification, and integration in a cluster approach.

Objective:

The SPPIF program aims to:

1. Optimize natural resource utilization using the principles of Reduce, Recycle, Reuse & Recovery.

2. Promote site-specific and landscape-based farming systems through diversification, intensification, and integration.

3. Improve farmers' livelihoods and income through enterprises, marketing, and value chain interventions by WSHGs/FPOs.

Coverage:

Implemented in 30 villages and 3 gram panchayats within the Daringbadi Block of Kandhamal district, the program targets areas including Danekbadi, Plihery, and Greenbadi Gram Panchayats.

Components:

1. Agriculture: Focuses on crop diversification and participatory varietal trials to reduce dependency on mono-cropping.

2. Horticulture: Emphasizes the trellis system for vegetable cultivation to optimize space and improve productivity.

3. Livestock: Enhances livestock-based enterprises through goat shelters, goat rearing, broiler rearing units, Indigenous Chick Production Units, vaccination programs, duck rearing, and fodder cultivation.

4. Fishery: Establishes a Nano Fish Feed Mixture Unit and supports fish seed production for sustainable fishery practices.

Achievements:

1. Agriculture: Successful crop diversification and identification of improved varieties through participatory trials.

2. Horticulture: Increased productivity and improved crop quality through the adoption of the trellis system.

3. Livestock: Benefits from goat shelters, broiler rearing units, Indigenous Chick Production Units, and vaccination programs.

4. Fishery: Improved fish growth and production through the Nano Fish Feed Mixture Unit and support for fish seed production.

Conclusion:

The SPPIF in Tribal Areas, spearheaded by Kandhamal Zilla Sabuja Vaidya Sangathan with support from ATMA Kandhamal and technical assistance from WASSAN, has made significant strides in promoting sustainable farming and enhancing farmers' livelihoods. Through agriculture, horticulture, livestock, and fishery components, the program has successfully diversified and integrated farming systems, creating positive outcomes and income generation opportunities. Continued support and expansion promise sustained development in agriculture and allied sectors in Kandhamal district.

Selco Foundation:

In 2023, Kandhamal Zilla Sabuja Vaidya Sangathan, supported by Selco Foundation, has made significant strides in sustainable livelihood initiatives in Daringbadi Block. By harnessing renewable energy, particularly through the installation of solar panels, the project has successfully empowered marginalized communities in the village. Key activities include the establishment of five strategically located rural xerox shops, enhancing accessibility to essential document services at affordable prices. Additionally, the initiative has set up five swing machines, providing crucial support to widows and physically challenged individuals for regular income generation, promoting self-reliance and inclusivity. Notable achievements include economic empowerment, improved community accessibility, and inclusive livelihood opportunities. Impact assessment indicates positive changes, including increased income and enhanced access to document services. Looking ahead, Kandhamal Zilla Sabuja Vaidya Sangathan, in collaboration with Selco Foundation, is committed to scaling up renewable energy initiatives and exploring avenues for further inclusive community development. Heartfelt acknowledgments are extended to Selco Foundation for their indispensable support and visionary partnership in these impactful endeavors.

Vitamin Angel Distribution of Vitamin A Solution and Albendazole

Vitamin Angel is dedicated to enhancing the health of children globally by distributing essential vitamins and minerals. This report highlights the successful execution of Vitamin Angel's initiatives in collaboration with the Kandhamal Zilla Sabuja Vaidya Sangathan in the Daringbadi and Kotgada blocks of Kandhamal district, Odisha, India. Benefiting over 6,000 children annually, the program addresses vitamin A deficiency and parasitic infections through the distribution of Vitamin A Solution and Albendazole.

Designed for children under five, the program

provides crucial micronutrients and deworming medication. By focusing on vitamin A deficiency and parasitic infections, the initiative aims to enhance overall child health and development. Vitamin Angel, in partnership with Kandhamal Zilla Sabuja Vaidya Sangathan, has successfully distributed Vitamin A Solution, preventing complications and improving children's health. Additionally, Albendazole distribution combats parasitic infections, enhancing nutritional status. The Kandhamal Zilla Sabuja Vaidya Sangathan's efficient implementation, community engagement, and collaboration have ensured the program's success, reaching vulnerable children through strategic planning. Continuous monitoring and evaluation have been pivotal, guiding adjustments for optimal outcomes. The program's impactful contribution to the health and well-being of children sets the stage for future expansion and strengthened partnerships with local communities.

NABARD: Empowering Women through Agro-based Entrepreneurship in Kandhamal District

Implementing Organization: Kandhamal Zilla Sabuja Vaidya Sangathan (KZSVS)

Project Location: Daringbadi Block, Kandhamal District

Activities Implemented:

1. Micro Entrepreneurship Development Programme (MEDP):

Conducted two sessions on Mushroom Cultivation and Kadaknath Chicken Production. Benefitted 60 women Self Help Group (SHG) members from different SHGs. Aimed at providing skill development and income generation opportunities.

2. Grass Root Level Training Programme (GRLTP):

Organized two GRLTPs targeting 60 women SHG members from various SHGs. Focused on capacity building to achieve self-sustainability. Emphasized topics such as regular meetings, savings, record-keeping, and financial management.

3. Impact on Mushroom Cultivation:

Identified Mushroom Cultivation as a viable supplementary livelihood for women farmers in Saringirpi and Padami villages. Acknowledged the dependence of over 90% of villagers on seasonal agriculture. Recognized the challenges posed by water scarcity, affecting agricultural productivity.

Achievements:

Provided skill training to 60 women SHG members in mushroom cultivation and Kadaknath chicken production. Empowered women to explore alternative livelihood opportunities beyond traditional agriculture. Enhanced financial literacy and self-sustainability among SHG members through GRLTPs. Fostered awareness on the importance of regular meetings, savings, and financial management within SHGs. Facilitated access to market linkages and economies of scale through enrollment in KZSVS FPC. Promoted Mushroom Cultivation as a viable income source, particularly in water-scarce regions like Kadeshpata and Padami villages.

Support from NABARD:

The project received support from the National Bank for Agriculture and Rural Development (NABARD) to implement various activities aimed at empowering women and enhancing livelihoods in rural areas. NABARD's assistance facilitated skill development, capacity building, and access to market linkages, thereby promoting sustainable agriculture and rural development.

Conclusion:

The implementation of various initiatives under the guidance of Kandhamal Zilla Sabuja Vaidya Sangathan (KZSVS) and with the support of NABARD has significantly contributed to the empowerment of women and the enhancement of livelihoods in Daringbadi Block, Kandhamal District. The project's focus on skill development, capacity building, and alternative livelihood opportunities has paved the way for

sustainable rural development and economic empowerment.

Award and Recognition of Kandhamal Zilla Sabuja Vaidya Sangathan

Introduction:

Kandhamal Zilla Sabuja Vaidya Sangathan, a renowned organization dedicated to sustainable healthcare and ecological well-being, has garnered significant recognition for its outstanding contributions. Over the years, the organization's relentless efforts and innovative approach have garnered several prestigious awards and accolades, solidifying its position as a leader in the field. This report highlights some of the notable awards and recognition received by Kandhamal Zilla Sabuja Vaidya Sangathan, including the 6th Sambhavi Puraskar 2019 by BIBF, Pride of Odisha by ARGUS, WASH awarded by Roddenberry Foundation, Silver Transference awarded by GuideStar India, and being recognized as a multi-award winner by various organizations.

1. 6th Sambhavi Puraskar 2019 by BIBF:

In 2019, Kandhamal Zilla Sabuja Vaidya Sangathan was honored with the prestigious 6th Sambhavi Puraskar by the Bhubaneswar India Book Fair (BIBF). This esteemed award recognized the organization's exceptional efforts in promoting sustainable healthcare practices and creating awareness about traditional medicinal systems in the Kandhamal district of Odisha.

2. Pride of Odisha by ARGUS:

ARGUS, a prominent socio-cultural organization, bestowed the "Pride of Odisha" award upon Kandhamal Zilla Sabuja Vaidya Sangathan. This recognition highlighted the organization's relentless commitment to improving the health and well-being of the local community, particularly through their innovative initiatives and programs.

3. WASH Awarded by Roddenberry Foundation:

The Roddenberry Foundation, known for its focus on advancing social and environmental change, awarded Kandhamal Zilla Sabuja Vaidya Sangathan with the WASH (Water, Sanitation, and Hygiene) Award. This honor celebrated the organization's exceptional work in promoting clean water and sanitation practices, contributing to the overall health and hygiene of the community.

4. Silver Transference Awarded by GuideStar India:

GuideStar India, a leading provider of information on Indian NGOs, recognized

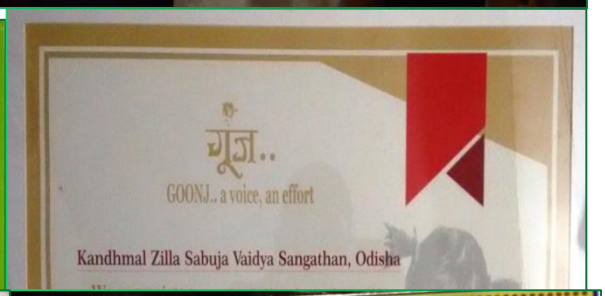

Kandhamal Zilla Sabuja Vaidya Sangathan with the Silver Transference Award. This accolade acknowledged the organization's commitment to transparency, accountability, and effective governance in its operations. It validated the organization's ethical practices, encouraging trust and confidence among stakeholders and the public.

5. Multi-Award Winner by Different Organizations:

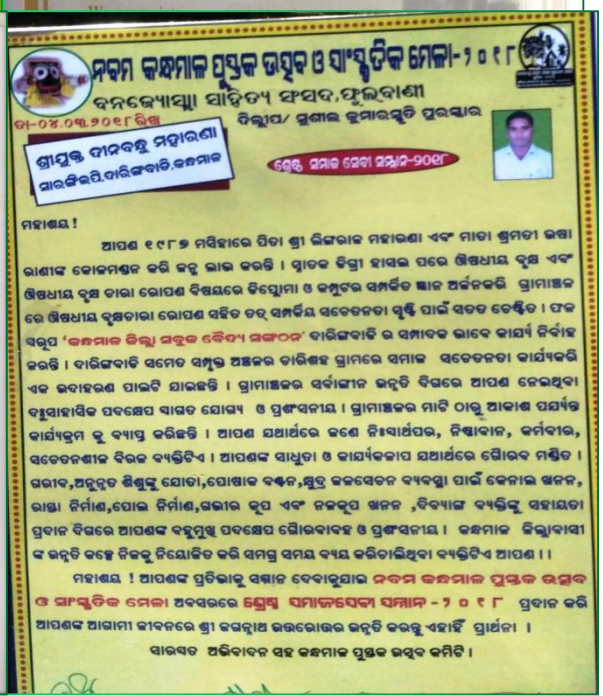

In addition to the aforementioned awards, Kandhamal Zilla Sabuja Vaidya Sangathan has been recognized as a multi-award winner by various organizations. These accolades demonstrate the widespread appreciation for the organization's tireless efforts in creating sustainable healthcare models, preserving traditional medicinal knowledge, and uplifting the community's overall well-being.
